THURSDAY, JANUARY 15, 1936

U. F. A.

The U.F.A. convention recently held at Calgary was a memorable one.

The delegates were provided with many real treats and thrills.

The speeches of the President (O. G. Gendron), Mr. Price (Pres. U.F.A.), Mr. Brownie Mr. Cote, M.P., and Mr. Caldwell of Regina, were of such a high standard as to

be much admired and well received. The delegates were provided with many real treats and thrills.

The speeches of the President (O. G. Gendron), Mr. Price (Pres. U.F.A.), Mr. Brownie Mr. Cote, M.P., and Mr. Caldwell of Regina, were of such a high standard as to

be much admired and well received. The delegates were provided with many real treats and thrills.

Following a week of extensive cold weather, when the mercury dropped on one occasion to over 40 degrees below zero, a blizzard from the west brought a high temperature the thermometer registered 26 degrees above zero at noon, and at this writing the mild weather continues.

James Smith celebrated his 83rd birthday on Monday, January 28th, and received the congratulations of his many friends. He was born in 1852 near Montreal, and when nine years old moved with his parents to Sussex, Ontario, where he received his education. He was 30 years of age when he came to Delia, where he has since resided. He is now 83 years of age, and is still hale and hearty, and enjoys good health. He has many happy memories, and hopes that he will live to reach the century mark.

Local and District

Don't forget the Canadian Legion will give a social at the Olympia Theatre (Friday) night. Whist starts at 8:15 p.m. onwards.

S. N. Walker, of Plumber Creek, and proprietor of the hotel here, was a business visitor in Delia the beginning of this week.

Mr. Dick Carter, and W. L. Carter, for Delia; J. T. Dwyer and W. Vernon for Calgary, attended at the U.F.A. convention at Calgary last week.

R. L. Cowperthwaite, of the Bank of Montreal, who is spending his winter here with his parents here, and is now on the road to recovery, we are pleased to hear.

As it has been heard, the U.F.A. will be held in the Olympia Theatre on Friday, February 15th, commencing at 8:15 p.m. sharp.

The Ladies' Auxiliary to the Canadian Legion, D. L. S. L., will meet at the home of Mrs. Jack Sinclair on Saturday, Feb. 9th, at 2:30 p.m. All members are cordially invited to be present.

At a recent meeting of the Delia School Board, Mr. J. F. Sutherland was unanimously elected the board of trustees. He was nominated by Cliff Smith, the retiring member.

We hear the following, comprising a line, leaving the end of the week to take part in the Edmonton banquet. S. M. Walker, Plumber Creek; A. V. McLean, Delia; Dr. S. M. Somers, Hanna; W. N. Grant, Delia.

Noted here, a seven year old girl, was killed and injured by a motor car, accompanied by a 14-year-old sister. The incident occurred near the Midlandville post office.

The annual meeting of the ratepayers of the Village of Delia was held in the Town Hall on Friday evening, Jan. 15th, 1936.

The meeting was presided over by Mayor, say, street, auditor, and chairman of the various committees.

Two grand events were played on Saturday afternoon between four local amateur teams. Delia evidently has lots of material from which to select a first class team.

The first game was between the Plumber Creek and Beavertown teams. The game was very evenly matched, the Beavertown winning by a score of 2-1.

The second game was played between the Delia and Plumber Creek teams, resulting in a score of 3-1, in favor of the Delia team.

A wreck occurred on the C.N.R. three miles south of Morris on Friday, Jan. 15th, when the north-bound passenger train No. 100, carrying 1,000 passengers, was wrecked by a collision with a freight train.

The freight train, which was carrying a load of lumber, was wrecked by a collision with the passenger train. The passenger train was carrying a load of passengers.

The freight train, which was carrying a load of lumber, was wrecked by a collision with the passenger train. The passenger train was carrying a load of passengers.

HEALTH

THE CANADIAN MEDICAL ASSOCIATION HAS ISSUED THE FOLLOWING STATEMENT:

ANY SYMPTOMS

There are those who criticize the education of the public with regard to the symptoms of disease. They have their opinions on the claim that the only thing which education does is to arouse suspicion.

We are of the opinion that there is a great deal of difference between the kind of ignorance and an initial good understanding of disease.

Experience has shown that the latter is attained in the vast majority of cases by the health education of the people.

This explanation is made to our readers so that they may understand the purpose we have in mind when we continue to refer to the early recognition of disease. We have no doubt that our readers will learn how to diagnose disease. Our hope is that, they will gain an appreciation of the significance which it holds in the mind of disease. This is important for it is the only practical way whereby a disease may be brought under treatment early at a time when we may hope to cure it.

The cure of cancer is possible if the disease is recognized and treated early. It is the only practical way whereby a disease may be brought under treatment early at a time when we may hope to cure it.

There is no one symptom which means cancer. Any symptom which arises from one of several causes.

There are symptoms and signs which should always be investigated. It means they may be early.

Delia is always dangerous because Delia always means that a local and curable cancer has been allowed to spread through the body.

Cancer never begins in a healthy spot. Some cancer begins in a healthy spot. Some cancer begins in a healthy spot.

Some cancer begins in a healthy spot. Some cancer begins in a healthy spot. Some cancer begins in a healthy spot.
